## RUPPINER SENIOR - MÜSLI

Promoting vitality even in the horse's old age

Ruppiner Senior Muesli is a muesli specially developed for older horses that can counteract age-related loss of substance. Older horses have an increased need for protein, energy and selenium. Our Senior Muesli has very positive effects on skin and coat due to its high oil content. It also provides energy without causing the blood sugar level to rise too much. A special ingredient of the Ruppiner Senior Muesli is spelt husk. This helps to stimulate intestinal activity and thus unfolds its digestive effect. Ingredients such as linseed cake flakes, brewer's yeast and linseed oil have a positive effect on the coat, skin and gastrointestinal tract due to their high content of omega-3 fatty acids, amino acids and valuable mucilage, and at the same time counteract muscle breakdown. Due to its ingredients, the muesli is also suitable for feeding horses of all ages. Ruppiner Senior Muesli can also be fed soaked to horses with little bit.

**Feeding recommendation:** We recommend feeding 300 g - 650 g per 100 kg body weight and day, depending on the strain and condition of the body. The feeding recommendation refers to a roughage intake (hay) of 1.5 kg per 100 kg body weight and day.

**Composition:** Spelt, rolled; maize flakes; barley, thermally treated; linseed cake flakes, cold pressed; alfalfa leaves; wheat bran; sugar beet molasses; brewer's dried grains; brewer's yeast; linseed oil, cold pressed; calcium carbonate; monocalcium phosphate; sodium chloride; magnesium oxide

**Analytical constituents and contents:** 13.5% crude protein, 5.4% crude fat & oils, 8.0% crude fibre, 5.4% crude ash, 1.3% calcium, 0.9% phosphorus, 1.3% potassium, 0.4% magnesium

**Additives (per kg):** Vitamin A (3a672a): 44,400 I.U., Vitamin D/Vitamin D3 (3a671): 2,595 I.U., Vitamin E (3a700): 1,244 mg, Zinc as zinc oxide (3b603): 350 mg, Zinc sulphate (3b605): 105 mg, Manganese from manganese (II) oxide (3b502): 109 mg, Copper from copper (II) sulphate, pentahydrate (3b405): 78 mg, Iron from iron (II) sulphate, monohydrate (3b103): 57 mg, Iodine as calcium iodate, anhydrous (3b202): 2.5 mg, Cobalt as coated cobalt (II) carbonate granules (3b304): 1.05 mg, Selenium from sodium selenite (3b801): 1.14 mg, Technical additive: Calcium propionate (E282)

**Packing:** 20 kg bag
